Live Well.

**SANIPEXUK**

EDITION IV

# ABOUT US

**The SANIPEX GROUP offers a unique lifestyle proposition for ultra-stylish indoor and outdoor living.**

The SANIPEX GROUP reimagines luxury living with the most innovative and aesthetically appealing products from leading designers and manufacturers from around the world, in addition to our own high-quality collections. From Outdoor Living and Tiles & Slabs to Bathrooms, Spa & Wellness, Lighting, Kitchen Equipment and more, we have everything you need to transform any space, indoor and out.

With eye-catching curated displays showcasing a wide range of on-trend products, our showrooms deliver a truly inspiring experience. Situated at the heart of London's premium design district within convenient walking distance of Chelsea Harbour Design Centre, the SANIPEX A&D GALLERY is an essential resource for our professional and private clients. Offering a complete solution under one roof, the GALLERY showcases the latest global trends whilst providing an unparalleled one-stop-shop experience bolstered by the expert knowledge and insight provided by our highly trained staff.

SANIPEX GROUP's project portfolio includes some of the most iconic buildings around the world. With an in-house project team that works closely with our architect, interior

design, developer, and retail clients across the hospitality, residential, institutional, and healthcare sectors, we pride ourselves on our proven ability to deliver outstanding bespoke solutions designed to stand the test of time.

Our professional and private clients rely on our ability to carry high levels of stock at all times, enabling us to deliver what they want, when we want it. With extensive in-house expertise and robust supply chain capabilities, we can pivot rapidly in line with market trends to bring products to market in record time, and deliver exceptional lifestyle-led solutions across all regions we operate in – quickly, reliably and in the quantities required.

Quality and service has always been at the heart of what the SANIPEX GROUP does and what we stand for. We may have expanded significantly since we launched in 1995, but our core ethos remains the same; we continue to deliver design-led products of the highest quality combined with an exceptional level of personalised service.

**At SANIPEX GROUP, the customer always comes first.**

## TABLES | DINING TABLES

For a unique al fresco dining experience, our bespoke service enables you to curate your outdoor space to suit your individual style. For an ultra-stylish dining, coffee and side table, simply choose from a range of durable porcelain slab tops in different colour tones, textures and sizes, then opt for a matching frame in a teak, white or black aluminium finish: team timeless terrazzo to teak for an on-trend biophilic feel, white marble works with white aluminium for a sleek, monochrome look or, for an urban industrial edge, style grey concrete with black aluminium.

# UMBRELLAS & CANOPIES

Create pleasant shaded areas for relaxing in the great outdoors with our umbrellas and canopies. Choose from a side or central pole and square or octagonal shape with a suitable base - for a customised canopy. Our easy-open, heavy-duty options offer sizes of up to 4m x 4m, whilst the option of a built-in wind speedometer services the self-close mechanism to provide peace of mind.

## TYPES OF UMBRELLA

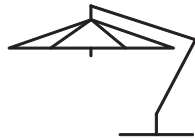

- **Centre Pole**

The most popular type of umbrella has a straight pole that is positioned in the centre of the umbrella and usually sits in a base on the ground, or through a table designed with an umbrella hole.

- **Side Pole**

This umbrella features the pole off to one side rather than down the centre. Some side pole umbrellas have a shade that will pivot from side to side and may even rotate 360°.

## UMBRELLA SHAPE & SIZING

- Square
- Octagonal

SHAPE	SIZE	DINING	SEATING
	3 m	 up to 6 Seater Dining	 up to 6 Sofa
	4 m	 up to 8 Seater Dining	 up to 6 Sofa
	3 m	 up to 6 Seater Dining	 up to 2 Sunbeds
	3.5- 4m	 up to 8 Seater Dining	 up to 2 Sunbeds

Suggested shade cover.

## POLE MATERIAL

- **Wood**

Wood umbrellas have that classic umbrella appeal. They pair well with wooden furniture and are available in a range of sizes. Wood poles or frames generally lift via the A.L.S system, single or double pulley systems or gas struts.

- **Aluminium**

A very durable and versatile pole option, as aluminium is rust resistant and very strong. Many aluminium poled umbrellas feature the A.L.S system, single or double pulley systems or gas struts.

- **Stainless Steel**

The strongest and most exotic option. Stainless steel has strength and durability as well as a high shine finish. Stainless steel poled umbrellas generally operate with the A.L.S system.

A.L.S Automatic Lifting System

- **Struts**

Struts are the main supports for the umbrella canopy and can be either aluminium or wood. Both options function in the same way and offer similar durability (wood may need some treatment as part of the care and maintenance program), it is a personal choice to match the style of furniture

## CARE & MAINTENANCE

- Do not force your umbrella open. It should open gently if it does not there it may be caught on something. Forcing it could damage the struts and/or the lifting mechanism.
- It is always better to close the umbrella when not in use, this will reduce the chance of damaging the struts in strong winds. Umbrellas with the A.L.S system will automatically close in high winds to prevent damage.
- Occasional/periodic rinsing with fresh water will keep your umbrella in good condition.
