

CONCEPT TO CREATION

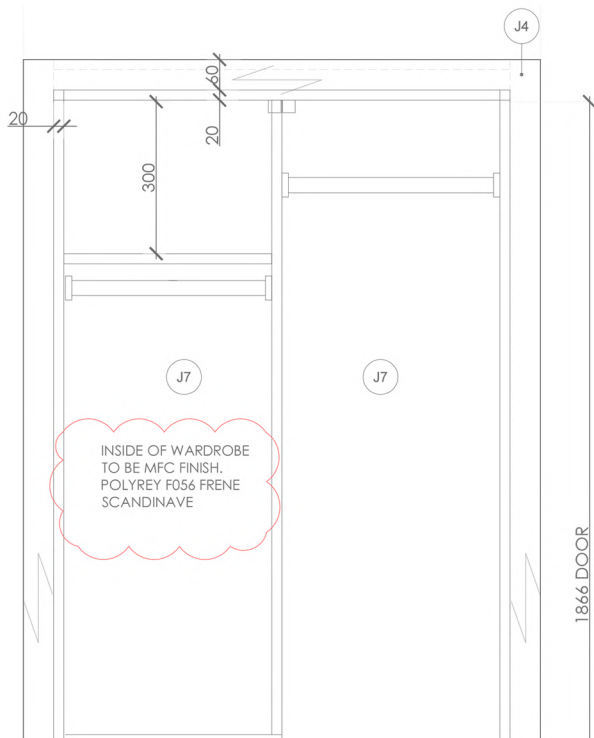

The Tytherington Club

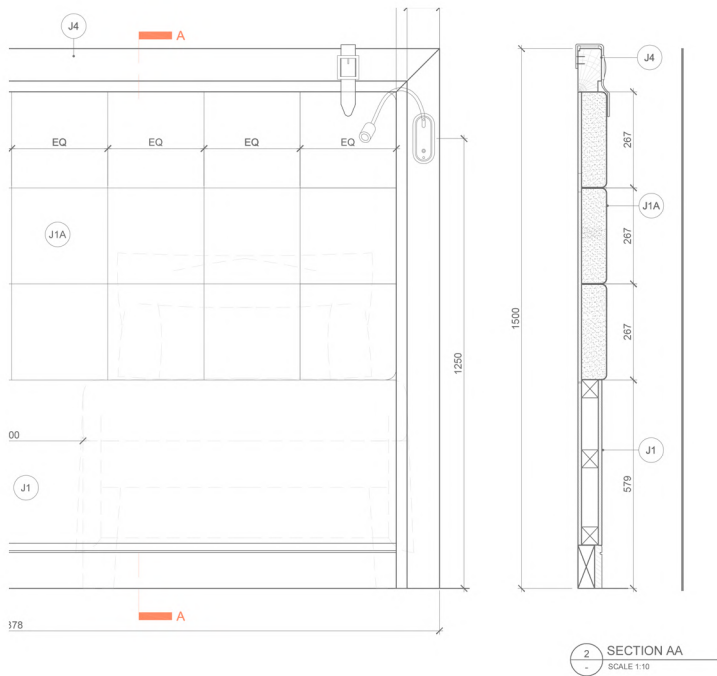

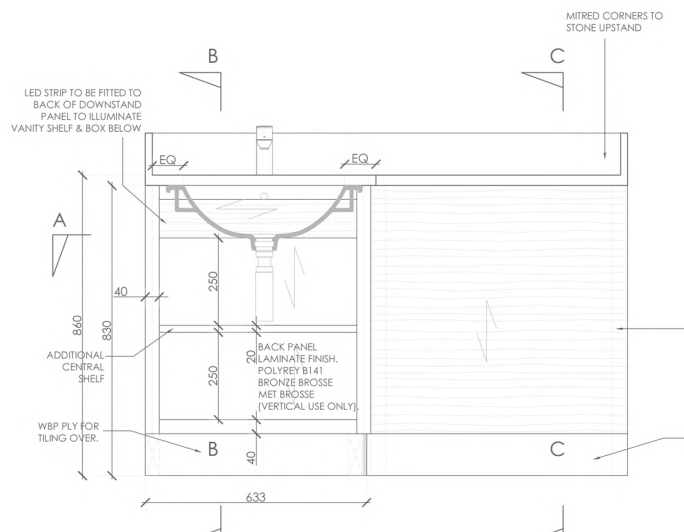

2 BEDSIDE TABLE FRONT ELEVATION
SCALE 1:5

3 BEDSIDE TABLE SIDE ELEVATION
SCALE 1:5

RHA has been in business for the past 30 years and we have worked with many different companies and clients from around the world and from a wide range of industries. One such client is The Club Company that operates twelve country clubs in the UK. We have had the pleasure of working with them for nearly two decades.

Having worked on the Tytherington project for over two years from inception through to completion it was nice to see all our hard work come to fruition when the hotel finally opened its doors to customers late 2020. We worked closely with designers Sparcstudio and contractors JM Scully to transform the club with loose joinery such as wardrobes, desks, headboards, bedside tables as well as bathroom vanity units and mirrors, along with a mixture of loose furniture both in the public areas and bedrooms.

Its amazing to see what was once a member's car park to what is now a stunning 4-star, 65-bedroom hotel, fitted out with some beautifully crafted pieces of bespoke furniture design and manufactured from our factory in Portugal.

We look forward to offering our services to you on your next project/refurbishment. Please contact us to discuss further.
