CONTRACT  
COLLECTIONS

## INTRODUCTION

In a mission to create truly inspiring contract interiors, PT Contract takes commercial choice to a new level.

Introducing extensive colour lines, strong design and tactile fabrics, this new inherently FR range offers a contemporary take on typical contract fabrics.

The two trend-led feature collections and eight accompanying plains have been specifically designed to meet the technical requirements of numerous contract projects, in sectors ranging from hospitality and healthcare to leisure and marine.

From traditional country living to modern architecture-inspired, discover the vast range of inherently FR fabrics on offer.

## DISTRICT

The urban living collection, inspired by modern architecture, geometric shapes and industrial chic, offers a selection of prints, jacquards, sheers and weaves. Its palette references everyday building and construction materials, featuring natural, earthy hues; while design names – such as Junction, Network and Passage – pay homage to the great cityscape. Selected pieces are available in wide width.

## FRANKLIN

Franklin is a collection of tactile, textured weaves that are suitable for upholstery in any contract setting. The easy living inspired collection is available in a vast choice of soft, subdued colour options, perfect for a calming interior scheme.

# CHILTERN

Available in both standard and wide width, this rustic collection features an extensive colour palette that is perfect for country living. The plain, blackout fabric offers a textured hopsack look to any cosy, contract interior, perfectly complementing our country-inspired Heritage collection.

## KENSINGTON

This luxurious wide width velour range is a perfect match for rich, opulent interiors. Available in a choice of jewel toned hues, it's ideal for complementing bold prints and vivid colours. Super lightweight, unlike usual velour qualities, Kensington drapes beautifully, whilst also being suitable for upholstery.

# HERITAGE

Heritage offers a collection of herringbones, checks and stripes to compliment rustic country living. Modernised by hues of burnt orange, interesting teals and contemporary blush pink, the collection also features traditional reds and chestnut browns. Pair with the accompanying Chiltern plain to amplify the collection's textured weaves. All designs in Heritage are available for upholstery.

# FENCHURCH

Add interest with this collection of sophisticated, linen-style sheers. Available in wide width only, Fenchurch offers a two-tone washed effect in a refined range of muted colour palettes.

# CAVENDISH

A staple matt collection of blackout fabrics, the wide width Cavendish range can be teamed with intriguing textures and decorative detailing to create a sophisticated contract interior.

## ISLINGTON

Offering luxurious appeal, Islington is a dim out fabric offering a stunning satin effect. With a sophisticated sheen, Islington drapes beautifully and has been crafted with elegant contract interiors in mind. The collection is available in both standard and wide width.

# GROSVENOR

Grosvenor offers a sophisticated, textured linen-look with its wide-width, dim out quality, adding an instant appeal to any commercial space.

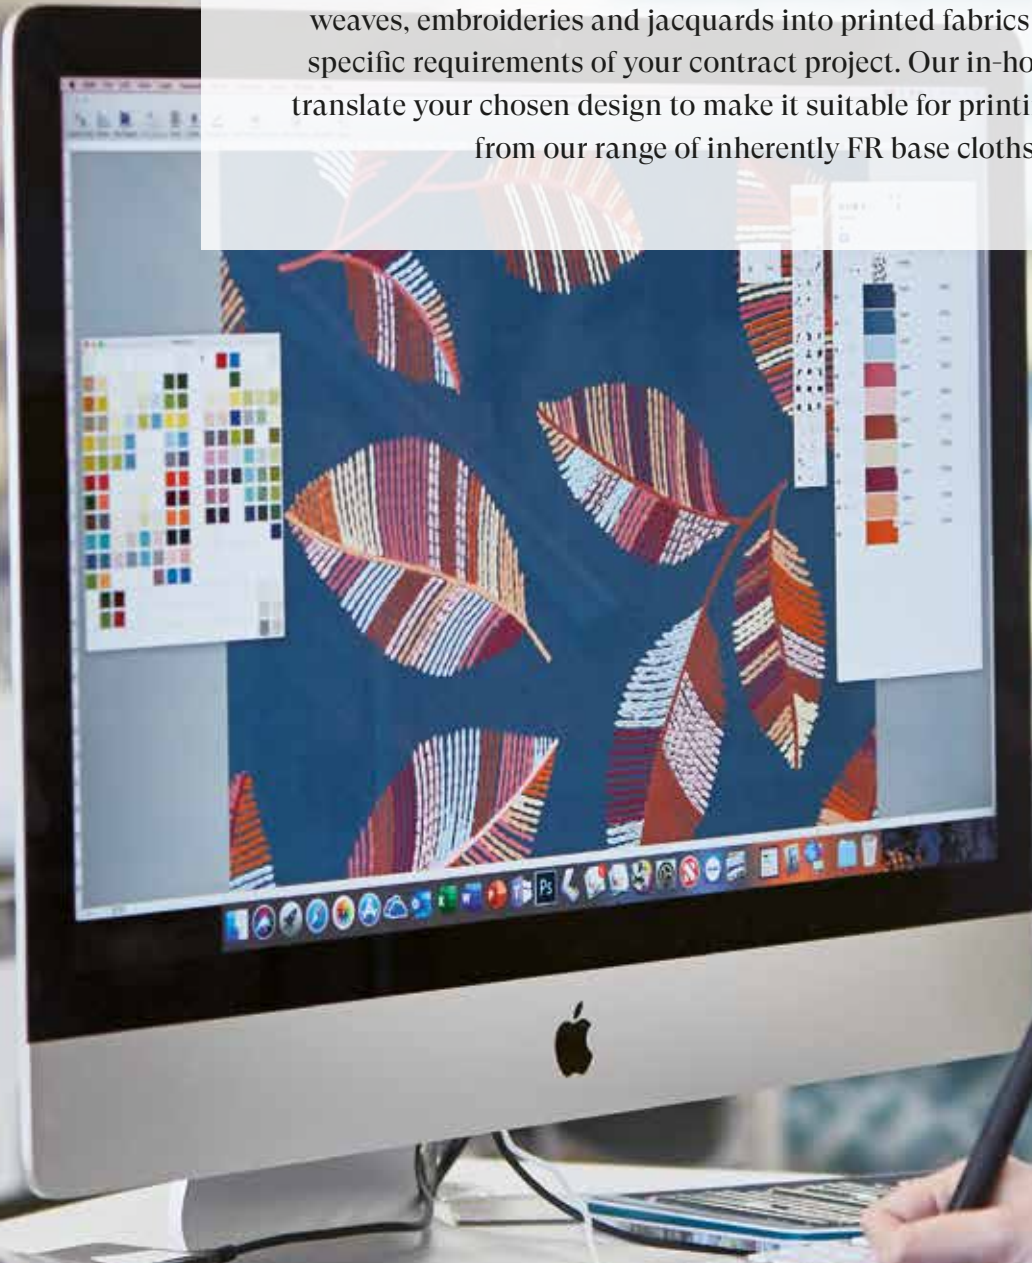

# PORTOBELLO

Portobello is the ultimate go-to range: a functional, core product with an extensive colour bank. The blackout fabrics are available in both standard and wide width, making the collection a must-have staple for the world of contract interiors.

# PT PRINT STUDIO

If you're looking to create truly inspiring contract interiors, PT Print Studio will help you fulfill the needs of your commercial project. PT Print Studio is offering an innovative design service, making it possible to interpret our existing print designs, as well as our trend-led textured weaves, embroideries and jacquards into printed fabrics that meet the specific requirements of your contract project. Our in-house team will translate your chosen design to make it suitable for printing on a quality from our range of inherently FR base cloths.

PT Print Studio works in consultation with its customers. Our experienced design team are on hand to provide guidance and advise on your design selection.

A minimum design conversion fee of £150 is applicable on all orders. If you would like to find out more about this service, please contact our sales team at [studio@prestigious.co.uk](mailto:studio@prestigious.co.uk)
