ELEGANT BEDROOM FURNITURE

# NEWPORT *Collection*

We are delighted to present our new **Newport Collection** of simple yet elegant bedroom furniture that has been designed to complement our ranges of traditional chairs and tables.

The **wardrobe, desk, bedside cabinets** and **luggage rack** recall the detailing of late Victorian and early Arts & Crafts furniture and will blend easily into the interiors of many hotels or inns of the period.

The furniture is crafted in solid and veneered European oak and manufactured to contract quality standards. The bedside cabinets have beautiful marble tops that will withstand spills and drinks marks. The simply proportioned oak desk has a traditionally tooled leather inlaid top. The wardrobe provides plenty of hanging space together with two inset drawers and if required a tea and coffee tray.

**The Newport collection** is available in either a light or medium oak stain and polished in a resistant polyurethane lacquer. We are also able to offer a wide choice of chairs and tables for use in the bedroom together with our reclaimed lighting.

The technical information section of this brochure provides more details about the Newport collection and we hope that you will feel that it will provide the answers to your bedroom furniture requirements.
