

*Exclusive* COLLECTION OF CAST IRON TABLE BASES

TAYLOR'S CLASSICS

————— EST. 1978 —————

## TAYLOR'S CAST IRON COLLECTION

TABLES THAT ARE A LITTLE BIT *Different*

For over twenty years Martin Taylor collected the best examples of Victorian and Edwardian cast iron tables, enabling Taylor's Classics to produce this superb collection based upon original designs. The tables range from single pedestal dining or drinking tables to beautifully-patterned double and triple pedestals.

Great attention has been paid to the design and detailing of the castings, which allow the table bases to be distinct from any others on the market. The wide variety of designs and the quality of manufacture complement the best architectural interiors of any restaurant, café, pub, bar or hotel.

The table bases are supplied as standard in a clear lacquered finish, but Taylor's Classics team of craftsmen can paint or

gild the bases to provide an individual yet authentic finish. Clients may choose from timber, marble, copper, lino inlay and many other types of table top. All the table tops are made to your individual specification.

We are confident that you will not see a similar collection anywhere and we look forward to working with you to supply some truly amazing furniture.
