MAKING PLACES FOR EVERYONE who we are THE COLLECTION 2021

about us_

We are all about enabling people to procure on trend, customisable furniture and objects to make a place where you can belong, communicate and enjoy. We have a broad scope of clients ranging from the hospitality sector to the workspace, collaborating closely with the design, procurement and projects teams supporting the creation of amazing interiors. Furniture design and international supply is how we work with our clients offering the services tailored to them.

crafting custom spaces_

COMPLETE DESIGN LED, CUSTOM FURNITURE RANGE

From sofas, modular seating, tables and interior objects that have countless customisations, stunning fabric options and a huge range of materials all available as standard.

SPECIAL PROJECTS AND FURNITURE DESIGN

A service where we can work with you at the initial conception of a project offering bespoke design, specialist products and product sourcing for a one off project or a number of locations.

CONTRACT MANAGEMENT

Working with international brands and multi site operators in the fast food, hotel and co-working spaces where furniture design, management and logistical operations are required. This is often on a global scale and is great for brands to gain the economy of scale and brand management

Your space, your life...

fabrics

All our upholstered products are available in COM/COL but we have our standard global fabric range that has been selected for the contract market across the globe.

A fully tried and tested fabric range, suitable for contract use and tested globally. These fabrics meet the requirements for fire and contract use all across the world.

All fabrics we recommend are Crib 5 compliant for the contract environment Globally

All fabrics in our range have a minimum of 50,000 rub tests (Martindale rub test)

All foam used in our upholstered products are CMHR (fire rated) foam and where it is a formed foam we use PUR certified foam.

THESE FABRICS MEET THE REQUIREMENTS FOR FIRE AND CONTRACT USE ALL ACROSS THE WORLD

finishes

METALS

When specifying Brass, Copper and Zinc a finish needs to be selected for the level of Patina. All table tops are then clear lacquered.

All Steel and Aluminium can be powdercoated to any RAL colour. Steel is available in clear lacquer to give the industrial finish. Die Cast Aluminium is available in polished or powdercoated.

Chrome and polished aluminium are in the natural finish where applicable.

SUSTAINABLE

Recycled plastic materials are used for table tops and surfaces and are available on request. These will have colour variances and sometimes differ from samples.

Materials include recycled wood foresso, recycled plastic terrazzo, jesmonite and a series of other innovative sustainable materials.

WOOD

Timbers used for our manufacturing chairs and tables are Oak, Beech and Ash. Outdoor timbers used are Iroko and Robinia, with a natural oiled finish.

All timbers are sustainably sourced through FSC and PEFC schemes. Timber is available in our standard stains and colours, distressed on request.

Plywood used has a Beech, or an Oak veneer.

All lacquers used on our timber finishes are water based to support our sustainability, healthy, safety processes and goals.

STONE

All stones are a natural material and may have defects, all marble and terrazzo need finishing to seal the stone. Wine and dark oils will stain if not cleaned off immediately.

Quartz and resin can be formed and are available in a number of designs, where required, drawings and specifications will be required for sign off before manufacture.

additional info_

"Protecting the environment is paramount for both us and future generations."

ENVIRONMENTAL & SOCIAL

We believe that environmental and ethical values should lie at the core of our vision for the future. Protecting the environment is paramount for both us and future generations. We understand that every product we produce has an environmental impact, but at Table Place Chairs_ we are constantly striving to reduce this as far as possible.

To attain these goals, we constantly review best practice in manufacturing and logistical management to ensure your product is produced to the highest standards. These goals include resource, manufacture, logistics and waste management to reduce our carbon footprint through reduction of energy consumption, recycling and minimising our waste to landfill.

CIRCULAR ECONOMY

At Table Place Chairs_ we understand that our products are designed for longevity and all our components can be put back into circulation. We strive to recycle our timber and work with a number of external resellers, recycling and salvage companies that will re-use, re-purpose and bring the materials back into circulation or dispose through a suitable process so we do not contribute to landfill waste. We have been awarded 'zero waste to landfill' over many years now.

FSC & PEFC

As part of this commitment, Table Place Chairs_ supply chain complies to FSC and PEFC Chain of Custody certification meaning that all wood we use is 100% responsibly sourced via chain of custody certification.

FSC CHAIN OF CUSTODY CERTIFICATION

FSC works to take care of our forests and those who rely on them: by protecting plant and animal species, indigenous people's rights, forest workers' safety and much more. Through FSC certification, they're helping to ensure that forests around the world are responsibly managed.

FSC chain of custody certification: applies to businesses that manufacture or sell forest products and confirms that FSC-certified material is handled and tracked correctly throughout the entire supply chain.

PEFC CHAIN OF CUSTODY CERTIFICATION

PEFC is the world's largest forest certification system. Like FSC, their standards seek to transform the way forests are managed to ensure that all of us can enjoy the environmental, social and economic benefits that forests offer

To ensure that wood and wood-based products originate from sustainably managed forests, PEFC Chain of Custody certification outlines requirements for tracking certified material from the forest to the final product -ensuring that the wood contained in the product or product line originates from certified forests.

Being chain of custody certified by FSC and PEFC has enabled us to satisfy LEED and other environmental performance accreditations as well as positively contributing in helping us reduce our carbon footprint.

PARTNERS & PROJECTS

Table Place Chairs_ have partnered and designed products that have incorporated sustainable materials. To list a few we work with Smile Plastics, Foresso, terrazzo, recycled glass and Jesmonite. We are working with design teams and brands to incorporate sustainable materials within their schemes.

our configurator

"giving customers better control of the design process, and allowing them to tailor every detail of their furniture"

customise your furniture_

We understand the importance of choice and customisation in the hospitality furniture industry, so have developed a state of the art product configurator. Here you are able to customise up to 7 different parts of a chair in a choice of over 420 fabrics, 20 wood finishes and 20 RAL colours... so there's literally millions (or sometimes billions) of ways of configuring a product.

The process uses CAD and 3D modelling software, which enables architects and designers to incorporate the furniture into their plans in enhanced detail, so they can give clients a more accurate impression of the finished product.

DOWNLOAD CAD/3D FILES.

SAVE YOUR IMAGES FOR USE IN PRESENTATIONS AND AS PART OF THE ORDERING PROCESS. The world's first hospitality dedicated endurance standard. Created by the industry, for the industry.

quality in production_

RIGA is an independent hospitality & commercial furniture testing house which owns advanced equipment to perform a wide range of furniture tests.

We found that products tested to severe British furniture standards were failing in the contract environment, so we realised that hospitality needed its own endurance standard.

Thus we created our very own furniture standard to meet the safety of the heavy-use environments of the public sector.

the RIGAtest procedure_

FOUNDATION: The products are tested to established British standards of endurance contract level 2, and also BIFMA which is the American furniture standard.

ADDITIONAL UNIQUE TESTS: In addition to this they are also subjected to additional tests derived from the challenges of the hospitality trade. If the product passes, the product is RIGATEST certified and deemed fit for purpose for the Hospitality public sector.

TECHNICAL SPECIFICATION

All metal framed chairs will have nylon glides as standard and wooden chairs have felt glides as standard. These can be changed on request.

Upholstery can have piping, studs, buttons and stitching designs upon request.

Foam used in commercial contract furniture is fire resistant CMHR foam and sometimes may feel firm. There are different levels of foam we can introduce in layers if a softer feel is required and available on request.

All product dimensions are in millimetres and will refer to widest point of the product, if there are drawings and further specifications required then samples can be available or full CAD drawings. Most products are available in DWG, 3DS, MAX, SketchUp and REVIT files. Please request an online account set up to download or contact the team if there are any missing.

If power is incorporated in the furniture please specify what you require. Refer to the price list as to what is available but special items are available on request.

Where an item is to be customised and bespoke to a particular requirement, these will go through our design process and will be agreed on manufacturing drawings, a sign off process will be required and could impact a lead time and cost.

Using some materials on bespoke items may have to go through a sampling and prototype process, this will affect lead times, costs and will need to be agreed before carrying out.

All prices in GBP exclusive of VAT. This price list supersedes all previous price lists. Valid from 01.04.21

Errors & Omissions Excepted – whilst we have made great efforts to ensure the price list includes accurate data, it may contain a number of errors or missing information. If you are in doubt, please check before ordering.

Special quotations are valid for 30 days unless otherwise agreed.

DELIVERY & PACKAGING

PACKAGING

All packaging is generally taken away and recycled if we are installing the product however we will provide suitable packaging for each product. Our polythene used is Polylite which cuts down the amount you use and our cardboard and timber packaging is all recyclable.

LEAD TIMES

6 – 10 weeks depending on product, customisation and project specifications.

Please enquire about stock levels before ordering.

Extended delivery times may occur due to circumstances out of our control.

DELIVERY

Delivery of orders under £500.00 will be charged up to a maximum of £50.00. All Deliveries to UK, Ireland or Europe are P.O.A. as it is dependent on the size of delivery and what type of delivery is required. We offer a delivery & installation service if required.

It is the purchaser's responsibility to ensure that building access is adequate before ordering: furniture cannot be cut down or segmented once manufactured.

Should it be apparent that goods are damaged/faulty in any way, the recipient/customer must inform the supplier within 48 hours of receipt. Extended delivery times may occur due to circumstances out of our control. In the event of a delayed/partial delivery, Table Place Chairs_have the right to discontinue products or finishes at any time without direct notification to you.

CHANGING & CANCELLING ORDERS

You may amend or cancel an order, or contact Table Place Chairs_ with corrections to the order confirmation, within 48 hours of the issue of the order acknowledgement (Grace Period) by notifying us in writing of the requested amendment, cancellation or correction.

It is your responsibility to check the order acknowledgement and report any errors within the Grace Period. No amendment or cancellation of the order, or change to the order acknowledgement, may be made after the expiry of the Grace Period except with the written consent of Table Place Chairs_. Where consent is given to such amendment or cancellation after the expiry of the Grace Period, there may be a requirement for you to pay additional charges as a condition of its consent.

WARRANTIES

Table Place Chairs_ offers a standard warranty for structural or manufacturing fault from date of delivery: 2 Years as standard but some products attract a longer warranty and is advised to check at the point of order, If a longer warranty is required please enquire.

This applies only if products have been used within and by standard office conditions. Wear and tear must be expected from normal use and are not covered by the warranty. Due to the organic nature of wood, changes in appearance may appear for solid wood and veneer tops and are not covered by the warranty.

Table Place Chairs_reserves the right to refuse replacement or repair if we feel that the product has been abused or has been accidentally damaged by another party. Table Place Chairs_ also reserves the right to attempt to repair any damaged or faulty products before a decision is made to replace them. In this case, we shall not be liable for any loss occurred by the distributor or customer during this period. Table Place Chairs will not be liable whatsoever for any consequential damage, loss or other expenses whether arising out of contact, negligence or otherwise. Any alterations to our products in any manner will automatically nullify any guarantees offered by Table Place Chairs_.

TERMS AND CONDITIONS

1. DEFINITIONS IN THESE CONDITIONS:

- 'The Seller' means Table Place Chairs;
- 'Goods' means any item which is to be sold by the Seller;
- 'The Buyer' means any person, company or organization which buys or has agreed to buy any goods.
- 1.1. No representative, agent or salesman has any authority to waive or vary any of these conditions on behalf of the Seller and any suggested qualification in these conditions shall be deemed to be excluded unless actually written into this form and signed by a Director or the Secretary on behalf of the Seller.

2. ACCEPTANCE OF ORDER

- 2.1. These conditions shall form part of every contract of sale of goods entered into by the Seller and no alteration shall be effective unless in witting, signed by an authorised officer of the Seller and referring to these conditions.
- 2.2. The placing of an order by the Buyer, whether or not based upon quotation, shall not be binding on the Seller, unless accepted by it in writing.
- 2.3. No representations or undertakings made or given on the Seller's behalf prior to contract shall be binding on the Seller, unless incorporated expressly in writing in the contract.
- 2.4. Goods offered by the Buyer which are out of stock will be placed on backorder unless the Buyer shall specify Ex-stock or Cancel in its order.
- 2.5. The Seller shall have no obligation to accept the return of goods which shall be surplus to the Buyer's requirements or ordered in error. Any decision by the Seller to accept the return of goods for credit shall not affect the Buyer's obligation to pay the price thereof on the due date for payment and such credit shall not exceed 90% of the price of the goods and shall be conditional upon the goods and packaging being returned without any damage or marking within 30 days of the Seller's invoice.

- 2.6. If the Buyer shall require any change in the terms or arrangements for the performance of the contact it shall inform the Seller promptly and shall not implement any change without its consent.
- 2.7. The Seller shall be under no obligation to acknowledge receipt of an order from the Buyer. No binding contract is created until an order is accepted by the Seller

3. SPECIFICATION

- 3.1. All specification, drawings and data contained in the Seller's catalogues or otherwise supplied by the Seller are approximate only unless otherwise stated in writing.
- 3.2. The Seller reserves the right without prior notice to effect modifications and design changes and to discontinue manufacture of any goods as part of a continuous programme product development.

4. FABRIC/ LEATHERS & UPHOLSTERY

- 4.1. Any upholstery fabrics specified and ordered by the client that does not meet the obligatory contract hospitality Crib 5 FireCertification, will result in an increased cost and increase the lead time of the entire project by at least 3 weeks. There is a minimum order quantity of 5 metres per fabric that requires Crib 5 Treatment.
- 4.2. When the Buyer supplies the fabric/ leather for a project the lead time does not start until the material has been received at the Sellers warehouse, and has been signed for in perfect condition.
- 4.3. The Seller will not take responsibility for the fabric/ leather until it has been received at the Sellers warehouse, and has been signed for in perfect condition.
- 4.4. When the Buyer supplies the fabric/leather for a product, the warranty on the upholstery and material wear is void.

TERMS AND CONDITIONS

5. SELECTION

- 5.1. The Buyer shall be responsible for determining whether the goods ordered are suitable and sufficient for this purpose.
- 5.2. The Seller shall have no liability for the failure of the goods to perform in accordance with specification when such failure shall be caused by their operation in conditions which shall be unsuitable unless the Buyer shall have stated in its order that such conditions would apply and the Seller have accepted such stipulation in writing.

6. PRICES

- 6.1. Prices quoted by the Seller are based upon its prices ruling at the date of quotation and the Seller reserves the right to adjust its prices at the time of acceptance of order to reflect any increase in the cost of supplying the goods or the publication of a newprice list occurring after quotation.
- 6.2. Unless otherwise stated in writing prices quoted by the Seller are exclusive of the cost of packaging and delivery and VAT.
- 6.3. The Buyer shall not be entitled to make any deduction from the price by way of setoff or counter-claim

7. PAYMENT

- 7.1. Payment shall be made before delivery, unless agreed credit terms.
- 7.2. Monthly Credit Account terms are full payment by last working day of the month following invoice date.
- 7.3. Payment made by the means of a cheque, bill or documentary credit shall be deemed to be effected when honoured and all costs of discounting and enchasing shall be borne by the Buyer.
- 7.4. Time for payment shall be of the essence of the contract.

- 7.5. In the event of delay in payment the Seller shall be entitled to charge interest at 4% per annum above Lloyds Bank plc base rate, without prejudice to its other rights.
- 7.6. During any such period of default and at any time when the Seller shall have reasonable grounds for doubting that any payment by the Buyer will be made on the due date, the Seller shall be entitled to suspend work and withhold deliveries, without prejudice to its right to payment for goods delivered and work done and expenses incurred in connection with undelivered goods which shall become immediately due and payable.
- 7.7. If such default or other circumstances shall continue for a period of 14 days, the Seller shall be entitled to terminate the contract by written notice to the Buyer, without prejudice to its other rights.
- 7.8. The granting by the Seller to the Buyer of time or other indulgence shall not prejudice or constitute a waiver of the Seller's rights under paragraphs 6.5. and 6.6.
- 7.9. The Seller shall have a general lien over any goods of the Buyer in its possession for all money due to it from the Buyer. If any lien is not satisfied within 14 days of such money becoming due, the Seller may sell the goods as agent for the Buyer and apply the proceeds, after deducting the expenses of sale, towards the monies due and the balance (if any) shall be paid to the Buyer.

8. DELIVERY TIMES

- 8.1. The time for delivery shall be calculated from the date of acceptance of order by the Seller or from the date of its receipt of all information required to fulfil the order, if later.
- 8.2. The time for delivery shall not be of the essence of the contract.
- 8.3. The Seller shall be entitled to make partial deliveries and these conditions shall apply to each delivery.

TERMS AND CONDITIONS

- 8.4. The Seller shall endeavour to meet the Buyer's delivery requirements but shall not be liable for any loss or damage caused by delay in delivery and the Buyer shall not be entitled to cancel the contract because of such delay.
- 8.5. Each delivery shall be considered a separate transaction and the failure of any one delivery shall not affect the due performance of the contract as regards to other deliveries

9. DELIVERY

- 9.1. Unless otherwise agreed, delivery shall be affected at the premises of the Buyer or other place specified in the contract for delivery and the method of carriage and choice of carrier shall be determined by the Seller.
- 9.2. The Buyer shall be responsible for paying the Seller's carriage charges unless it shall make its own arrangements with the agreement of the Seller prior to the Seller arranging carriage. If the goods shall be collected by the Buyer or by a carrier pursuant to arrangement made by the Buyer, delivery shall be deemed to take place on collection.
- 9.3. If delivery should be delayed at the request of the Buyer, the Seller may place the goods in store at the Buyer's risk and the Buyer shall pay such storage costs and other costs incurred by the Seller as a result of such delay

10. TITLE AND RISK

10.1. Title to the goods shall remain in the Seller until payment in full is made by the Buyer.
